LiD Landscape in Design
Participatory Processes & Diversity

Figure 20: Comparison of the Besetzt territories of Brunnen Str 6&7 and the conventional occupancy arrangement of a courtyard building. The territories are colour coded to match the case study's plans.
Quality of Incompleteness
Mobility – Roving Subjectivities
Performative Properties
Temporal Interventions – Architecture on Probation
1. The Plug-in Path, with integrated seating, lighting, and water feature
2. Tiered Seating and Performance Area
3. Proposed Gate to Tesco Car Park and relocation of Pedestrian Crossing
4. The BIG RCCF- shelter for cinema/ concerts/ events
5. Grill shelters/ squats for young people
6. Allotment Gardens and Scarecrow Project
7. New Path and Nature Trail through WN Area
8. Toddler’s Garden
9. Kiosk - selling tea, coffee, snacks
10. Picnic Area
11. Exercise Track suitable for older people
12. Table-Tennis Tables
13. Flexible Spaces - for events and gatherings, to contain pool tables etc.
14. Family Room - wet area with basins and seating
15. Toilets
16. Kitchenette
17. Terrace adjacent to kitchen - could evolve into café
18. Soft Play Space - off the terrace for easy supervision of young
